SPECIAL TEXTBOOKS FOR VISUALLY HANDICAPPED STUDENTS

GENERAL

Braille and large type textbooks can be obtained through the Textbook Division by any district that has visually handicapped students who have been determined eligible by action of the local admission, review, and dismissal (ARD) committee. The eligibility of visually handicapped students for textbooks is verified by the annual January registration of visually handicapped students conducted by the Division of Public Education Information Management Systems (PEIMS) of the Texas Education Agency. If a visually handicapped student is not included in the district's annual registration, a written statement of the date of the student's ARD committee meeting and decisions concerning eligibility as a visually handicapped student must accompany the order to the Textbook Division. The schools are responsible for these textbooks in the same manner in which they are responsible for the regular textbooks and materials in that building.

BRAILLE BOOKS

It is suggested that all needed titles be requested, and every effort will be made to fill the order.

LARGE TYPE BOOKS

First and second grade titles are not enlarged because the regular editions are in large type.

Orders for titles in this Bulletin will be approved for only those titles selected for use in the district. Large type books will not be counted against quotas for the regular textbooks. It is advisable to supply the visually handicapped student with regular textbooks for his or her use in studying illustrations, maps, charts, and diagrams which are often not reproduced satisfactorily in large type books.

TAPED TEXTBOOKS

It is suggested that needed titles be requested, and every effort will be made to fill the order. Tapes are available on four track, 15/16 ips cassettes. These cassettes can be used on an APH-Modified GE Cassette Recorder.

Taped textbooks will come to you from Recording for the Blind, Inc., 20 Roszel Road, Princeton, New Jersey 08540, (609) 452-0606. A catalogue of tapes can be purchased from Recording for the Blind for \$14.00. Tapes can be ordered directly from the Austin unit of Recording for the Blind at 404 West 30th Street, Austin, Texas 78705, (512) 477-9390.

SPECIAL TEXTBOOKS FOR VISUALLY HANDICAPPED STUDENTS ORDERING/DISTRIBUTION

ORDERING PROCEDURE

It will expedite the handling of orders if these procedures are followed.

1. Request braille and large type textbook needs in all grades and subjects in Column 11 of Form TEX-006B, *Annual Statement of Charges, Report, and Requisition*.
2. Textbooks being introduced for the first time are listed on Form TEX-040, *1990-91 Annual Requisition for Textbooks for the Visually Handicapped*. Please use this form for requests of the new textbooks.
3. Supplemental requests should be ordered on Form TEX-035-R90.

NOTE: All orders for educational aids for visually handicapped students should be directed to the Division of Special Education Funding and Compliance at (512) 463-9362.

REDISTRIBUTION OF BRAILLE AND LARGE TYPE TEXTBOOKS

As soon as any braille or large type textbooks are no longer needed by a visually handicapped student in the district, the books should be listed on Shipping List forms (available from the Textbook Division), packed, and sent by **FREE MAIL** through the United States Postal Service to the Texas Materials Center for the Visually Handicapped (TMCVH) of the Texas Education Agency. TMCVH operates as a redistribution center for textbooks. In order for textbooks to be redistributed to other districts in need of the books, the Textbook Division encourages school districts to return textbooks not in use by visually handicapped students to TMCVH as quickly as possible. Receipts will be issued for all shipments. **PLEASE DO NOT SHIP THESE EXPENSIVE BOOKS WITH OTHER TEXTBOOKS, AND NEVER SHIP BY FREIGHT.**

OUTLINE OF PROCEDURES FOR ADOPTING TEXTBOOKS TO BE USED IN THE PUBLIC SCHOOLS OF TEXAS

When textbooks are to be adopted under the provisions of the Textbook Law, or when a contract is about to expire, the Chairman of the **STATE BOARD OF EDUCATION** gives public notice at least two months in advance of the meeting at which the adoption is to be made. The *Proclamation Advertising for Bids* lists the subjects and grade levels for which books will be considered, along with other directives which the State Board of Education makes in regard to bids that will be submitted. Following the publication of the proclamation, interested publishers may secure complete information from the Textbook Division about requirements for filing samples, forms to be completed, and deadlines for filing these items. Annual adoptions are made by the State Board of Education at its November meeting, but the board may consider adoptions at other times.

Each year, the State Board of Education appoints members of **STATE TEXTBOOK SUBJECT AREA COMMITTEES**. The board determines the number of subject area committees to be appointed, based upon the subject areas under consideration for adoption that year. Each subject area committee is composed of at least seven and not more than fifteen members who serve for a term of one year. At least a majority of the members of each subject area committee must be classroom teachers, and at least two members of each subject area committee must be persons who are not employed by the public schools.

It is the duty of each member of a State Textbook Subject Area Committee to examine carefully every book assigned to the committee and present to the State Board of Education a complete list of textbooks which it recommends for adoption. Although the board may remove textbooks from a recommended list (provided that no multiple list is reduced to a single adoption), no book may be added to a list by the board. Contracts awarded by the State Board of Education are made for varying periods of one to six years, and textbooks may be gradually introduced at the discretion of the board.

Textbooks to be used in local school districts are selected from adopted multiple lists by a committee of teachers from each district. These **LOCAL TEXTBOOK COMMITTEES** are selected each year to study and recommend the books best fitted to the district's needs. Common and rural high schools use selections made by the committee appointed by their county superintendent, but each independent school district has its own local textbook committee. The reports made to the Textbook Division by the local textbook committees are final, and no changes or additions are permitted for the subjects included on the reports. Textbooks supplied to local districts are to be used for the duration of the contract period, and it is not permissible to return copies of a particular title in order to secure replacements of another title, even though that title may have been selected by the local textbook committee.

Complete information regarding quotas and regulations about the distribution of textbooks may be found in *A Manual for Textbook Coordinators*, in communications from the Textbook Division, and in this bulletin.

EXPLANATION OF TEXTBOOK LISTINGS

ISBN NUMBER	TEXTBOOK	A I D	PRICE	PUBLISHER	D E P	©

All textbooks adopted for use in the 1990-91 school year are listed under subject areas and/or grade levels. Subject areas are indicated by **BOLD TYPE**. Dates shown in parenthesis after subject area titles indicate the beginning and ending contract periods, including any necessary readoptions. Quotas for textbooks are indicated below the subject area titles in *ITALICS*. The multiple list codes consist of four digits which identify each subject area in which textbooks are adopted for use in the state. The first digit indicates the assigned grade placement, and the second through fourth digits indicate the subject area.

COLUMN	INFORMATION
Textbook	Whenever possible, textbooks adopted for use in the 1990-91 school year are listed by individual ISBN codes. Publisher names in parenthesis after the textbook title indicate the original publisher of the book. "E" indicates which edition is adopted; "L" indicates level of the book; and "RV" indicates a revision of the book. A number in parenthesis following the title indicates that more than one book constitutes that title.
Aid	The code indicates teacher materials which are available for the grade or subject. A Answer Book C Conductor or Teacher Book for Band/Orchestra E Teacher Edition or Annotated Teacher Edition G Guide K Key M Manual N Notebook R Reference or Resource Book S Score for Band/Orchestra
Price	These are the current contract prices for textbooks. New prices for readopted textbooks are effective on September 1.
Publisher	Current publisher of the textbook. Complete listing of publishers and depository affiliations are shown on pages 101-103.
Depository	Depository code.
Copyright	Most recent copyright date of adopted textbook. (Districts may have textbooks with earlier copyright dates)

EXPLANATION OF TEXTBOOK LISTINGS (continued)

	NOTES
NOTE 1	ART TEACHER'S RESOURCE BOOKS, GRADES 1-6 If a district has self-contained classrooms and the district adopts and selects to use the books in single grade level bindings (Dale Seymour & Holt, Rinehart), only the volume intended for the specific grade level should be ordered for the teacher at that grade level. For example, an art teacher at Grade 1 will be reported on the Annual Membership Report only at Grade 1 and will be eligible for only a Grade 1 teacher resource book. If the district has self-contained classrooms and selects to use those books which contain three grade levels of art instruction (W. S. Benson & Hendrick-Long), the single grade art teacher will receive instructional material for the other two grade levels. For example, an art teacher at Grade 1 will be reported on the Annual Membership Report only at Grade 1. A Grade 1-3 book should be ordered, and the teacher will receive a resource book which contains material to teach art in all three grade levels, Grades 1-3. School districts which have art specialists who teach a span of grade levels and select to use books in single grade level bindings must report on the Annual Membership Report the one art teacher in each of the grade levels he or she teaches. For example, one art specialist teaching art in Grades 1, 2, and 3 must be reported three times, once in Grade 1, once in Grade 2, and once in Grade 3. The district should then order three separate grade level teacher resource books for that art specialist. School districts which have art specialists who teach a span of grade levels and select to use books which contain three grade levels of instruction must report that art specialist only once on the Annual Membership Report. For example, if a district has three art specialists who each teach art in Grades 1-3, the district reports three teachers under Grade 1 and orders three resource books which contain three levels of instruction.

COMPLIANCE STATEMENT

TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

- (1) acceptance policies on student transfers from other school districts;
- (2) operation of school bus routes or runs on a non-segregated basis;
- (3) nondiscrimination in extracurricular activities and the use of school facilities;
- (4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;
- (5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;
- (6) nondiscriminatory practices relating to the use of a student's first language; and
- (7) evidence of published procedures for hearing complaints and grievances.

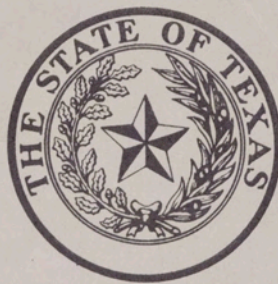

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, Department of Health, Education and Welfare.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups.
